EXCLUSIVE EXPERIENCES

Make the most of your overnight trip with these incredible nighttime adventures

Sharks in the Dark

As the sun sets over the Great Barrier Reef, the sharks come out to play! Our exclusive Sharks in the Dark dive experience is a real highlight among divers and spectators alike.

See a variety of reef sharks on your after dinner scuba dive, or if you prefer, watch them from the comfort of our vessel as they pass through the soft light we cast. You'll be enthralled as these inquisitive and friendly creatures swim near our overnight vessel.

Only certified divers are permitted in the water after dark – but snorkellers can still join in the fun by watching from on deck. When conditions are calm, grab a mask and peek under the surface from our dive platform and watch the sharks gliding underneath, just centimetres away from you.

Fluoro Diving - Exclusive to Divers Den

This amazing night dive experience lets you see the colours of the reef like never before! With a special mask filter and torches, you can open up an amazing underwater world. See coral and other marine life light up around you with neon hues. Be amazed as their natural biofluorescent properties are brought to life in pops of yellow, purples, pinks and greens.

Specialty night diving experiences like fluoro diving are an unforgettable part of any overnight dive trip. Fluoro Diving on the Great Barrier Reef is exclusive to OceanQuest and Divers Den. All certified divers with at least one prior night dive can add this exclusive for just \$50 per dive.

Haven't experienced a night dive before? Book a 3 Day 2 Night trip and you won't miss out!
