THE GREAT BARRIER REEF

## PADI FIVE STAR DIVE CENTRE

Whether you're a total beginner, a newly certified scuba diver, or you're looking to move up through the advanced and professional levels of recreational diving, we have a PADI course to suit you.

And there's no better place to get your diving certification than with Australia's leading training centre, based in Cairns, gateway to the Great Barrier Reef.

Here at Divers Den in Cairns we teach scuba diving at all levels, from basic Open Water certification to advanced courses, specialties and professional development (becoming a scuba instructor). We're proud to be a PADI Career development centre and have certified more than 200,000 divers right here on the Great Barrier Reef.

Our pool is purpose built for scuba training, with two shallow areas and a 3m deep section – it's the only covered and heated pool of its type in Cairns. There are also four air-conditioned classrooms with free WiFi.

Following your theory and pool sessions, join either a day trip or overnight liveaboard to the outer Great Barrier Reef to complete your course. We offer a wide range of options to suit all.

# PADI OPEN WATER COURSE

OUR MOST POPULAR CHOICE

## 4 DAY, 1 NIGHT PADI OPEN WATER COURSE

The first step in learning to scuba dive is the PADI Open Water Diver course, the world's most recognised scuba diving qualification.

The most popular of our dive courses, this four-day one-night course begins with two days at our Cairns dive centre, learning theory and practising your scuba skills in our heated training pool. The last two days of the course will be conducted on the outer reef aboard our liveboard vessel OceanQuest, where you will spend one night on the Great Barrier Reef.

On the reef, you will complete 4 training dives with your instructor to finish your certification, and between dives, you will have time to relax on the sun deck and chat with other divers. Meals are included and prepared by our talented on-board chefs.

Want to stay longer? Upgrade for additional nights from just \$325 per certified diver or \$220 per snorkeller based on twin share.

### WHAT'S INCLUDED

- 2 days of pool and theory training at our dive centre
- 4 Open Water training dives on the reef
- 2 days/1 night liveboard on the reef

## WHAT IS THE PADI OPEN WATER COURSE?

The first step in learning to scuba dive is the PADI Open Water Diver course. Our basic Open Water Diver course takes four days, with two days of classroom and pool time, and two days at sea. The course is divided into three parts: learning the theory, practising your scuba skills in our pool, and finally diving in open water on the Great Barrier Reef. Scan the QR code opposite and our Course Director will talk you through what is involved, prerequisites, what you will learn and why you should choose to learn with Divers Den.

## YOUR FLOATING HOME ON THE REEF

OceanQuest offers up to four dives per day at two of our 17 picturesque moorings spanning Norman, Hastings, and Saxon Reefs. Wake up surrounded by calm waters rather than racing out to the marina, and spend your evening relaxing in the onboard lounge and bar, or go night diving with the nocturnal denizens of the reef!

Unlike the poky rooms on other vessels, each cabin onboard OceanQuest is air-conditioned and includes an en suite bathroom. Our purpose-built dive deck provides ample space for all guests, with fresh hot water showers to rejuvenate you between each dive. Enjoy hearty meals in our dining area, and unwind on the sundeck beneath the stars.

OceanQuest transforms the diving experience by maximising your time on the reef. Enjoy uninterrupted time with PADI professionals in one of the world's most extraordinary underwater environments. Whether you're capturing the perfect underwater shot, enhancing your practical dive training, or joining a special expedition, OceanQuest delivers the complete package for all experience levels.

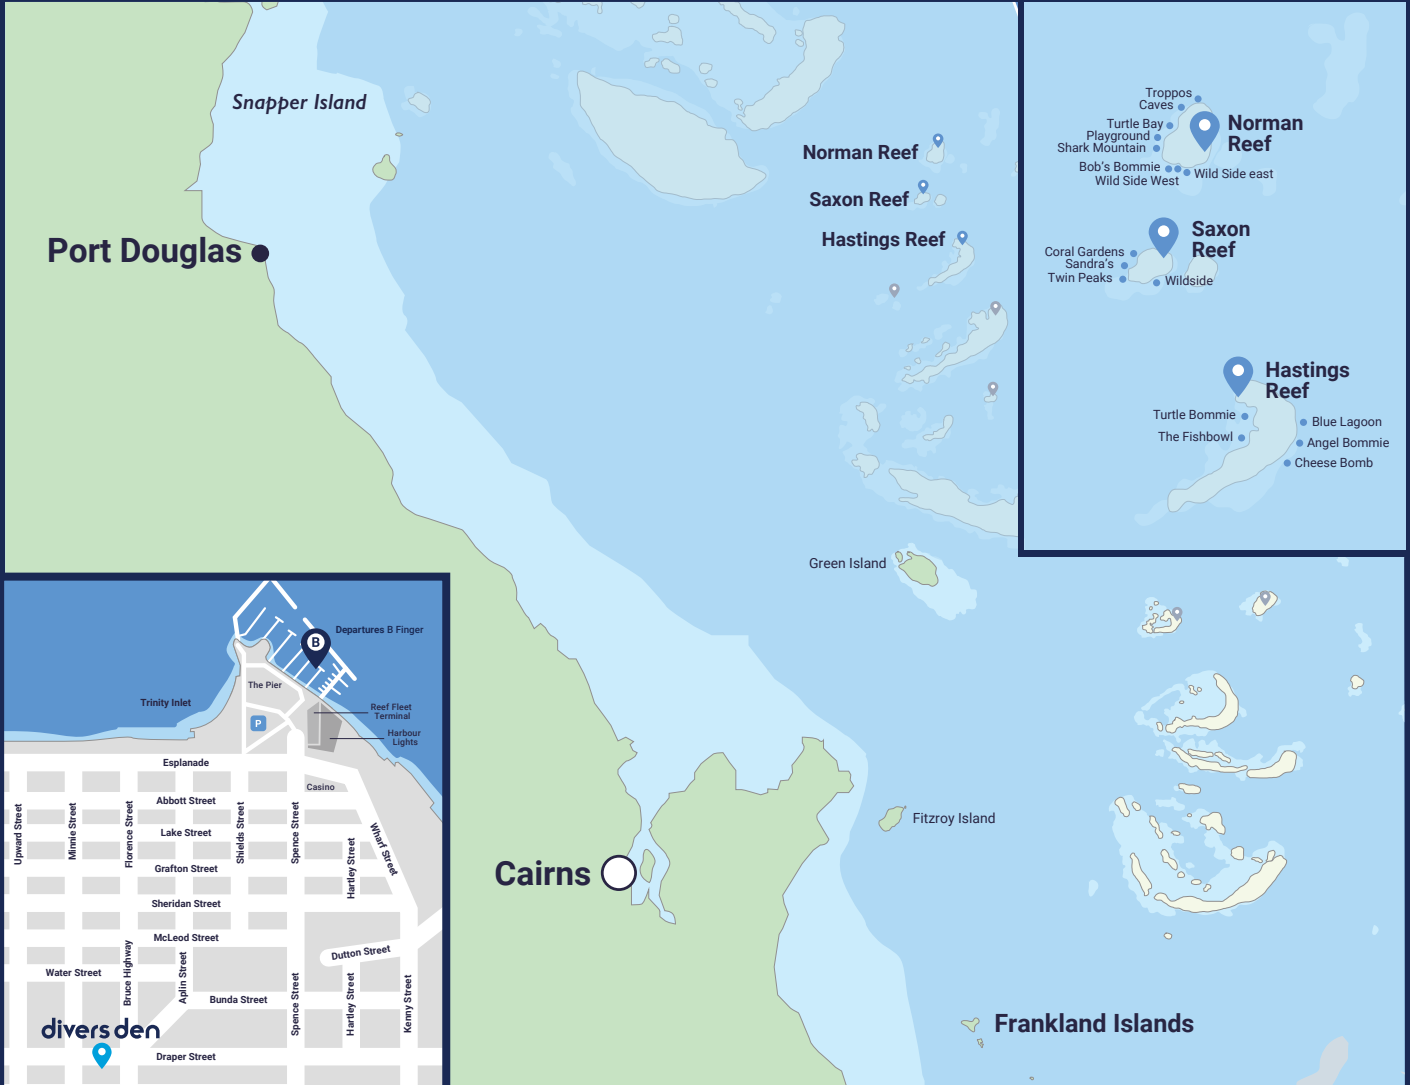

## ACKNOWLEDGEMENT OF COUNTRY

Divers Den respectfully acknowledges the Traditional Custodians of the lands and waters in which we operate and pays respect to their Elders, past, present and emerging. We honour their stories, their culture and their connection to this land.

# WHERE WE GO

With a range of exclusive moorings and sites across the Norman, Saxon and Hastings reefs, Divers Den offers the most choice of outer reef locations in Cairns. We select locations based on the day's conditions, to showcase the widest variety of colourful marine life, and the best snorkel and dive experiences.

## Medical & Altitude Info

All scuba participants must meet medical questionnaire requirements. Some conditions or medications may prevent you from diving or require a dive medical. Visit [diversden.com.au/can-i-dive](http://diversden.com.au/can-i-dive) for more information.

Queensland's code of practice on diving states that for a single no decompression dive, you should not fly/go to altitude for at least 12 hours, or 24 hours if divers have had multiple dives per day for several consecutive days, or have made dives that require decompression stops. Altitude is defined as 300m/1000ft above sea level. This includes going to the Atherton Tablelands (a popular local scenic attraction), so please be aware if booking tours to follow your dive trip. ***Under normal circumstances, you should be out of the water from your last dive of the day at 2:30 pm.***
