THE GREAT BARRIER REEF

Join our experienced crew for a complimentary snorkel tour of the reef and see amazing marine life.

ACKNOWLEDGEMENT OF COUNTRY

Divers Den respectfully acknowledges the Traditional Custodians of the lands and waters in which we operate and pays respect to their Elders, past, present and emerging. We honour their stories, their culture and their connection to this land.

SNORKELLING

Snorkelling is a safe and easy way for the whole family to see the best of the Great Barrier Reef – all the colourful, abundant fish species, corals and other marine life await just by floating on the surface! If you or your children have never snorkelled before, we'll provide all the equipment and make sure you're comfortable before you begin. Take advantage of our family snorkel package and plan a day trip with us.

Medical & Altitude Info

All scuba participants must meet medical questionnaire requirements. Some conditions or medications may prevent you from diving or require a dive medical. Visit diversden.com.au/can-i-dive for more information.

Queensland's code of practice on diving states that for a single no decompression dive, you should not fly/go to altitude for at least 12 hours, or 24 hours if divers have had multiple dives per day for several consecutive days, or have made dives that require decompression stops. Altitude is defined as 300m/1000ft above sea level. This includes going to the Atherton Tablelands (a popular local scenic attraction), so please be aware if booking tours to follow your dive trip.

Under normal circumstances, you should be out of the water from your last dive of the day at 2:30 pm.

TERMS & CONDITIONS
