THE GREAT BARRIER REEF

YOUR FLOATING HOME ON THE REEF

WHAT TO EXPECT DURING YOUR STAY

Our liveaboard vessel OceanQuest is the ultimate Great Barrier Reef overnight experience from Cairns. Spend your days and nights exploring the best outer Great Barrier Reef dive sites aboard our floating accommodation, with snorkel, intro dive and certified dive options available.

When just one day at the reef isn't enough, an overnight trip from Cairns gives you all the time you need. Visit our colourful dive and snorkel sites during the day, and at night, share stories with other guests in our spacious lounge bar or relax in your air conditioned cabin, complete with en suite.

Our three-deck, 35m catamaran is purpose built for a top class dive holiday, with a spacious dive deck, large open sundecks and hot, fresh water showers. All delicious meals are prepared by our onboard chef, including hearty breakfasts, lunches and dinners. Enjoy a well-deserved dessert treat after your day in the water!

YOUR TRIP ITINERARY

*Includes complimentary return transfers from selected Cairns CBD accommodation

EXTEND YOUR STAY

Stay another night! Each extra day includes breakfast, lunch, dinner and up to 4 extra dives.

EXCLUSIVE EXPERIENCES

Night Diving

Descending beneath the surface after dark is an unforgettable experience, filled with mystery. As daytime marine life settles in, nocturnal creatures emerge such as white tip and grey reef sharks, giant trevallies and octopus. This creates a vibrant underwater scene that few ever get to witness on the Great Barrier reef.

Night dives are available for certified Open Water divers who already have the appropriate night diving training or certification. If you haven't experienced a night dive before, you will be required to dive with one of our PADI Instructors, who will brief you on the skills and signals needed for a safe and exciting night dive. Extra charge applies for dive guides payable on board.

Fluoro Diving - Unique to Divers Den

This amazing night dive experience lets you see the colours of the reef like never before! With special torches, you can open up an amazing underwater world. See coral and other marine life light up around you with neon hues. Be amazed as their natural biofluorescent properties are brought to life in pops of yellow, purples, pinks and greens.

Fluoro Diving on the Great Barrier Reef is exclusive to Divers Den and can be booked and paid for while onboard OceanQuest. All certified divers with at least one prior night dive can take part in this exclusive experience. Haven't night dived before? Book a 3 Day 2 Night trip to Fluoro Dive on your second night!

FROM BEGINNER TO INSTRUCTOR

Whether you're a total beginner, a newly certified scuba diver, or you're looking to move up through the advanced and professional levels of recreational diving, we have a PADI course to suit you.

We are Australia's leading diver training centre; with two full-time Course Directors, a large Instructor Development team, and hold the honour of being one of only two 5-star Career Development Centres in Cairns, and one of PADI Eco Centers in Australia - Divers Den has been providing top-tier education for divers over the past 50 years.

Medical & Altitude Info

All scuba participants must meet medical questionnaire requirements. Some conditions or medications may prevent you from diving or require a dive medical. Visit diversden.com.au/can-i-dive for more information.

Queensland's code of practice on diving states that for a single no decompression dive, you should not fly/go to altitude for at least 12 hours, or 24 hours if divers have had multiple dives per day for several consecutive days, or have made dives that require decompression stops. Altitude is defined as 300m/1000ft above sea level. This includes going to the Atherton Tablelands (a popular local scenic attraction), so please be aware if booking tours to follow your dive trip. **Under normal circumstances, you should be out of the water from your last dive of the day at 2:30 pm.**
